# Economic Challenges Affecting Transfer

## At the CCC

- Over \$800 million in cuts since 2008-09 and 60,000 course section reductions these last 3 years;
- As a result, students who can't get their classes can't transfer on time, thus stay longer and take more units

## At the CSU

- State support for the CSU has been *cut by almost \$1 billion or 35% over the past 18 months*
- The CSU will continue to focus on authentic access for students

## At the UC

- UC sustained \$750M in cuts for 2011-12
- As a result UC implemented cost reductions/efficiencies, tuition and fee increases, non-resident enrollment strategies

# The Role of the CSSO in Transfer

- Promote transfer as a primary college mission;
- Provide adequate space, staffing, and resources for transfer center responsibilities;
- Ensure transfer receives support throughout the institution, especially as it crosses other admin. areas;
- Establish and support a transfer advisory committee on campus;
- Support the development and adoption of a campus transfer center plan, which at minimum meets the requirements specified in regulation (sec 51027).
